MANDATORY MATERIAL

Below is the list of mandatory material to be included in BAG T2 and subject to verification at the race Race Office by 19.15 on Friday 21 July

For the last 6 km of the race, the following are compulsory for the athlete and their supporter:

- Waterproof * and breathable ** windbreaker with hood, suitable for bad weather conditions in the mountains (GoreTex material highly recommended); * minimum 10,000 mm of water column; ** RET less than 13
- – the jacket must necessarily have an integrated hood
- – the seams must be watertight
- – the jacket must not have parts with permeable fabric [The athlete decides, according to his own criteria, if his jacket complies with the regulations and therefore suitable for bad weather in the mountains; in any case, in the event of checks, only the employees of the organization will be able to decide.]
- Long-sleeved thermal shirt
- Long Pants
- Thermal hat or Buff
- Working headlamp
- Mobile phone, which guarantees autonomy of at least 15 hours: the runner must be reachable at any time before, during and after the race.
- GPS provided by the organization
- Reusable cup (glasses will NOT be given to run refreshments)
- Water reserve
- Food reserve
- Survival sheet
- Whistle

The athlete's mandatory equipment can also be transported by the supporter.

Further information on the equipment:

Complete bike clothing change recommended

Front bike light recommended (rear one is mandatory)

Bike gloves (recommended)

Thermal gloves for run term (recommended)

SUPPORTER

The support team is strongly recommended for the whole Bike course and for the initial part of the run course, while, for the last 6 km of the race, it is mandatory for each athlete to have a supporter. As mentioned, the supporter can accompany the athlete during both stages. The supporter can bring the athlete's material. The supporter must also have the mandatory equipment and wear a bib.

THE RACE

Transition Checkin

The supporter can help the athlete to arrange the equipment, both before the race and in T1 where, it will be his exclusive task, to recover all the athlete's material from the transition area.

SAFETY: individual buoy and light stick

The race start defined at 6:00 am, will be at sunrise but, despite this, for safety reasons, **EACH ATHLETE IS OBLIGED TO WEAR BOTH THE INDIVIDUAL BUOY, AND THE LUMINOUS SAFETY STICK**, to be activated, by tying them to the waist. when the transition area closes.

SWIM

The course is drawn over two 1.9km counterclockwise laps. 3 are the turning buoys to leave on your left. In the first part of the course it is advisable to orient yourself with the LED lights placed near the 3 buoys and oriented to improve visibility. From the end of the swim you will enter the **shoes area that will allow you an easy transition to the actual T1.**

CUTOFF TIME SWIM: 07:30

BIKE

The bike course is strictly NO-DRAFT wake, it is forbidden to wake both between competitors and between athletes and other cyclists not in the race and, obviously, it is forbidden to do with accompanying cars. All staff are authorized, as day judge, to punish offenders with a STOP & GO

THE RACE IS TOTALLY OPEN TO TRAFFIC COMPLYING WITH THE ROAD CODE;

THE CYCLING CIRCUIT IS SCARLY COVERED BY TELEPHONE NETWORK, HOWEVER WE WILL HAVE OUR EMPLOYEES WHO WILL CARRY OUT CONTINUOUS PERLUSTRATIONS TO ENSURE THE REGULARITY OF THE RACE;

It is strongly recommended that the accompanying person assist their athlete on the bike route, assistance should only be performed when stationary, in areas where the stop does not hinder circulation.

Refueling cannot take place with the car running and the same car can neither follow nor precede the cyclist.

On the entire bike route there is 2 refreshment points organized at km 30th and km 65th, at the Campo Imperatore GPM. The aid station is open from 8:00 to 11:30.

The signage is made with arrows as in the figure:
